

EDITORIAL NOTE

After 15 years, Brazil will again organize a world congress of IADT. The 17th edition of the World Congress on Dental Traumatology will happen in Rio de Janeiro in September 2012. For us, the Brazilian Society of Dental Traumatology, more than a great pleasure is an honor to receive the most renowned teachers of Traumatology World beyond all of the IADT board.

We are confident that the Brazilian scientific community, is eager to exchange knowledge with professionals of the caliber of Martin Trope, Mitsuhiro Tsukiboshi, Leif Bakland, Olle and Barbro Malmgren, Asgeir Sigurdsson, DiAngelis, Lars Andersson and certainly the Father of Dental Traumatology, Jens Andreasen.

Dear friends, Brazil is waiting for you.

Congratulations for all!

Sandra Fidel
Editor-in-Chief
